- Ball valve is compatible with a wide range of nozzles

**\$410**

# FIRE SPRINKLERS and FIREBOZZ MINI

## 1 1/2-INCH RANGER FIRE SPRINKLER

- Easy folding legs for quick setup and storage
- Lightweight
- Aluminum riser with all stainless cam locks
- Variable nozzle output
- 140 to 220 foot diameter water coverage
- Capable of 26 to 110 gpm
- Good high wind performance
- Industry leading Austrian sprinkler head
- 1 1/2-inch female fire hose fitting on bottom
- Stainless steel ball valve to control flow
- 25-pound circular sandbag for stability
- Can be placed on any flat surface

**\$985.00**

## 1 1/4-INCH SMALL FIRE SPRINKLER

- Easy folding legs for quick setup and storage
- Galvanized steel riser with aluminum or optional stainless steel cam locks
- Variable nozzle output
- 140 to 220 foot diameter water coverage
- Capable of 26 to 110 gpm
- Good high wind performance
- 1 1/2-inch female fire hose fitting on bottom
- Stainless steel ball valve to control flow
- 25-pound circular sandbag for stability
- Giant spikes to firmly hold in place

**\$895.00**

- Easy folding legs for quick setup and storage
- Galvanized steel riser with aluminum or optional stainless steel cam locks
- Variable nozzle output
- 140 to 190 foot diameter water coverage
- Capable of 26 to 82 gpm
- Good high wind performance
- 1 1/2-inch female fire hose fitting on bottom
- Stainless steel ball valve to control flow
- 25-pound circular sandbag for stability
- Giant spikes to firmly hold in place

**\$795.00**

## FIREBOZZ MINI

- Quick and easy setup anywhere
- Covers over 185-foot circle
- Capable of 28 to 88 gpm
- Good high wind performance
- Ball valve with 1 1/2-inch NH threads
- Only weighs 24 pounds
- Easy to store
- Can be placed on any flat surface

**\$2,449.00**

## 1 1/2-INCH LARGE FIRE SPRINKLER

Picture taken at Topanga Canyon installation. Three sprinkler system.

## RAIN TOWER

- Standard garden hose thread
- Water thief for connection to fire hose
- 100-foot circle coverage
- 11 gallon per minute output
- Sandbag included for stability
- Easy to store and setup

**\$379.00**

# FIRE HOSE, ADAPTORS, HAINEY HYDRANT
